

Joseph C. Lissenden

PROFESSIONAL EXPERIENCE:

Joe has more than 25 year providing consulting, training and Auditor/ Lead Auditor services to a wide range of management system compliance and related standards. His expertise includes ISO 27001, ISO 27701, FedRAMP, ISO 22301, NIST SP800-171, ISO 27701, ISO 14001, ISO 9001, ISO 20000-1 and Cybersecurity Maturity Model Certification (CMMC) compliance requirements.

MAJOR PROJECTS:

- CMMC
 - Contributed to three Cyber AB Training Work Groups, achieved Licensed Publishing Partner (LPP) and Licensed Training Partner (LTP) for Precision Execution and developed CMMC Authorized Training Material (CATM) for CMMC 1.0 and upgrade to CMMC 2.0, receiving approval for both the Certified CMMC Professional (CCP) and Certified CMMC Assessor (CCA) courses.
 - Achieved Provisional Assessor (PA) and Provisional Instructor (PI) status and has instructed dozens of classes over the past three years. Successful completed the requirements and examinations, achieving CCP and CCA status.
- Auditing – conducted over 1,400 audit days of ISO audits for 3rd Party Certification Bodies and outsourced internal audits. Led the financial and operational turnaround of a training P&L in Americas, first rejuvenating the P&L in 5 months then charted the pathway for CAGR of 20% growth across 3 years
- Training – wrote over 4 dozen courses, and taught over 100 ISO Lead Auditor Courses since 2001. With Precision Execution, he is Subject Matter Expert (SME), wrote and achieved RAB/Exemplar Global Certification for 8 Lead Auditor Courses and CMMC (CCP & CCA) – in person and guided learning
- Consulting – led dozens of firms to successful achievement of ISO certification. This has ranged from large multinational implementations in 67 days to supporting smaller companies in a range of market sectors. High concentration of government and technology clients.
- Data Center Construction & Operation - declared over 150MW's of Data Centers Ready for Service for AWS, MSFT, GOOGLE and others while managing global relationships at data centers in Amsterdam, Dublin, Chicago, Santa Clara
- US Regulatory training – FARs/DFARs, Defense Systems Acquisition Mgmt (DSAM) and ISO 17021: 2015 Conformity Assessment
- Audit Account Management - managed ISO audit process for Lockheed Martin, ATK, Orbital Sciences, HP, Xerox and others. Expertise with large Certification Bodies (CB's) and C3PAO's but present agnostic solutions
- Led Big Data projects – leveraged data from the USG, IC and industry to support defense leadership decision making
